

Welcome to the Mathematics Solutions. Please log on to <http://www.mathswatchvle.com> and watch the appropriate clip:

Solution	Clip Number
• <b>Number</b>	• Ordering decimals <a href="#">clip 3</a>
	• Index notation <a href="#">clip 131</a>
	• Rounding <a href="#">clip 32</a>
	• Factors, multiples and primes <a href="#">clip 28</a>
	• Equivalent fractions <a href="#">clip 25</a>
	• Fractions, percentages, decimals <a href="#">clip 85</a>
	• Multiplying decimals <a href="#">clip 66</a>
	• Fractional and negative indices <a href="#">clip 154</a> and <a href="#">188</a>
	• Adding and subtracting fractions <a href="#">clip 71a</a> and <a href="#">71b</a>
	• Percentages of an amount <a href="#">clip 86</a> and <a href="#">87</a>
	• Reverse percentage problems <a href="#">clip 110</a>
	• Converting numbers into standard form <a href="#">clip 83</a>
	• Calculating with standard form <a href="#">clip 83</a>
	• Compound interest <a href="#">clip 164</a>
• Surds <a href="#">clip 207a</a> , <a href="#">207b</a> and <a href="#">207c</a>	
• <b>Ratio and Proportion</b>	• Sharing into a ratio <a href="#">clip 106</a>
	• Ratio, fractions and graphs <a href="#">clip 107</a>
	• Direct and inverse proportion <a href="#">clip 199</a>
• <b>Algebra</b>	• Finding the nth term <a href="#">clip 103</a>
	• Finding the nth term of a quadratic sequence <a href="#">clip 213</a>
	• Solving equations <a href="#">clips 135a</a> and <a href="#">135b</a>
	• Angle sum of polygons <a href="#">clip 123</a>
	• Forming formulae and equations <a href="#">clip 137</a>
	• Rearranging formulae <a href="#">clip 136</a>
	• Equation of a straight line <a href="#">clips 159a</a> and <a href="#">159b</a>
	• Algebraic proof <a href="#">clip 193</a>
	• Algebraic fractions <a href="#">clips 210a</a> and <a href="#">210b</a>
	• Inverse and composite functions <a href="#">clips 214a</a> , <a href="#">214b</a> and <a href="#">215</a>
	• Simultaneous equations <a href="#">clip 162</a>
	• Solving quadratic equations <a href="#">clip 191</a>
	• Transformation of graphs <a href="#">clips 196a</a> and <a href="#">196b</a>
	• Trigonometric graphs <a href="#">clips 195a</a> and <a href="#">195b</a>
• Factorising and solving quadratics <a href="#">clip 157</a>	
• Mathematical reasoning <a href="#">clip 156</a>	

<ul style="list-style-type: none"> <li>• <b>Shape &amp; Measure</b></li> </ul>	• Metric conversions <a href="#">clip 112</a>
	• Area of a circle <a href="#">clip 117</a>
	• Sector area <a href="#">clip 167</a>
	• Volume of a prism <a href="#">clip 119</a>
	• Constructions <a href="#">clips 146a</a> and <a href="#">146b</a>
	• Pythagoras' Theorem <a href="#">clips 150a</a> , <a href="#">150b</a> and <a href="#">150c</a>
	• Similarity <a href="#">clip 144</a>
	• Trigonometry <a href="#">clip 168</a>
	• Advanced trigonometry <a href="#">clips 195a</a> and <a href="#">195b</a>
<ul style="list-style-type: none"> <li>• <b>Probability &amp; Statistics</b></li> </ul>	• Calculating probabilities <a href="#">clip 59</a>
	• Drawing and interpreting pie charts <a href="#">clip 128</a>
	• Cumulative frequency <a href="#">clip 186</a>
	• Box plots <a href="#">clip 187</a>
	• Probability tree diagrams <a href="#">clip 175</a>
	• Sets & Venn Diagrams <a href="#">clips 127a</a> and <a href="#">127b</a>
	• Averages and the range <a href="#">clip 62</a>
	• Estimate for the mean <a href="#">clip 130b</a>
