SKILLS	
• identifying key religious, ethical and moral issues with confidence	• refer to your 'key information' section of your book where definitions should be noted
• describing key religious, ethical and moral issues with confidence	• focus on describing religious, ethical and moral issues through using key words accurately and giving examples of case studies discussed in class

• explaining opinions on key religious, ethical and moral issues with confidence	• discuss the themes considered in lessons with a table partner, friends and at home • develop the confidence to share opinions with the class • complete wider reading on the topic so you have an opinion to share
• explaining in detail opinions on key religious, ethical and moral issues with confidence giving justified reasons	• justify opinions with evidence, an example or an explanation • formulate justification for opinions through wider reading on the topic • watch the news to enhance subject knowledge on ethical issues
• comparing two different perspectives on key religious, moral and ethical issues	• when completing for and against tables on a topic complete the side you disagree with first • try to always give a contrasting perspective in group discussions
• comparing two or more different perspectives on key religious, moral and ethical issues and coming to a justified conclusion	• before giving your initial reaction, take time to think more deeply at other perspectives • try to give more than one reason for your opinion
• evaluating a variety of different perspectives and sources in an ethical debate and using them to come to a logical conclusion	• when looking at an ethical and moral issue, systematically weigh up each different argument, consider why it is a strong or weak point and use this as the basis of a well-informed conclusion
